Sandringham Hospital Outpatients Clinic

Your outpatient visit

Please arrive on time to your appointment as we see patients by appointment time not arrival time. Late arrivals will be seen if possible, or another appointment may need to be arranged.

Please bring to your first appointment:

- Medicare card
- Current pension card and Health Care card
- Veterans Affairs Pension Recipients card
- List of current medications
- Any paperwork or questionnaires requested by the service
- Any aids and equipment currently used such as glasses, hearing aids, walking stick etc

What if you are unable to attend?
Please contact the Outpatients Clinic on 9076 1288 as early as possible if you are unwell or unable to attend your scheduled appointment.

General information

Smoke Free Policy
Sandringham Hospital is a “Smoke free” hospital. Smoking is not allowed in the buildings or in the general hospital grounds. This policy applies to all patients, staff and visitors to Sandringham Hospital.

Infection control
Hospitals have very strict guidelines and practices in relation to infection control measures. We ask that families and visitors as well as persons attending for outpatient appointments refrain from coming into the hospital if they are sick or have been feeling unwell. This means that if as a client or visitor you have a cold or flu, or have experienced any nausea, vomiting, or diarrhoea in the previous 72 hours, you should NOT visit the hospital.

Telephones
Pay phones are available on the ground and first floors. Please remember to switch off mobile telephones before entering the wards as they may affect the operation of monitoring equipment and disturb other patients.

Kiosk

Sandringham Hospital's kiosk is open daily from 1pm to 7pm and is staffed by volunteers. The kiosk sells food and drinks, magazines, hand-knitted garments, cards, confectionery and various toiletry items. Vending machines are situated at several locations around the hospital. All money raised by the kiosk and vending machine is donated back to the hospital to purchase new equipment. Newspapers are available in the vending machine near the entrance of the Emergency Department.

Change Machine

Change machines are located in the foyer of the hospital and consulting clinic. They dispense $1 and $2 coins in exchange for notes. There is an ATMs in the main foyer near the Emergency Department entrance.

How to find us

How to get to Sandringham Hospital

Sandringham Hospital is located at 193 Bluff Road, Sandringham. Melway Reference: 76 K 12.

Public Transport

Bus: The Melbourne Bus Link service (bus no.600) and the Moorabbin Transit bus service (bus no.825) stop near the hospital.
