ALFRED HEALTH IS NOW PROVIDING FUNDED NICOTINE REPLACEMENT THERAPY TO STAFF.

At Alfred Health we care about the health and wellbeing of our staff. We also understand how tough quitting smoking can be.

We're asking Alfred Health smokers to band together to try to quit. We'll be offering best practice support and nicotine replacement therapy.

Spots are limited, so if you'd like to give quitting a go send an email to quitsmoking@alfred.org.au
