AlfredHealth

*Interdisciplinary
Bariatric
Education Day*

**Monday 12th
December 2016**

0830-1630

This full day education program aims to provide Alfred Health clinical staff with the necessary knowledge and skill to support their care of the patient with bariatric needs.

The Bariatric Education day will be interdisciplinary and focus on the holistic care of patients with bariatric needs during their hospital journey.

The program will cover some key aspects bariatric patient care, integrated risk management and clinical decision making.

The event will be facilitated by the Alfred Health Nursing and Allied Health Manual Handling Coordinators.

The program will include a combination of theory and practical components.

Equipment companies involved in this program will have industry displays offering the latest information and products.

Topics include:

- Introduction to Bariatric Care
- Supporting documents
- Mobility assessments
- Equipment selection
- Transport
- Imaging considerations
- Nutritional considerations
- Wound healing
- Pressure care
- Hygiene
- Exercise
- Respiratory and Emergency Management
- Care Planning
- Escalation of patient care
- Clinical decision making

Event Venue:

**AMREP Education Centre
Ground Floor
The Alfred Hospital
55 Commercial Road
Prahran, Vic 3181**
