THE ALFRED GENERAL SURGERY MEETING

1-2 NOVEMBER 2019 PULLMAN MELBOURNE ON THE PARK

CONVENER'S INVITATION

It is with great pleasure that I invite you to participate in The Alfred General Surgery Meeting, Practical Updates for General Surgeons to be held at the Pullman Melbourne on the Park from Friday 1 to Saturday 2 November 2019.

The organising committee have put together an outstanding program which should appeal to all general surgeons regardless of their subspecialties.

The meeting has been scheduled to enable delegates to go on to enjoy the long weekend in Melbourne.

We look forward to welcoming you once again to The Alfred General Surgery Meeting, Practical Updates for General Surgeons.

Kind Regards,
Professor Jonathan Serpell FRACS
CONVENER

ORGANISING COMMITTEE MEMBERS

Professor Jonathan Serpell FRACS

Mr Paul Burton FRACS

INVITED SPEAKERS

KEYNOTE SPEAKERS

Associate Professor Amir Ghaferi

- Associate Professor of Surgery University of Michigan School of Medicine, USA
- Director, Michigan Bariatric Surgery Collaborative, USA

Professor Ghaferi overlaps expertise and clinical practice across advanced laparoscopy, bariatric surgery and abdominal wall reconstruction, with unique research focusing on understanding the relationship of organisational systems and design to quality and efficiency.

Professor Peter Sagar

- Professor of Colorectal Surgery, The University of Leeds, United Kingdom
- Consultant Surgeon, St James's University Hospital, Leeds, United Kingdom

Professor Sagar has developed and maintains a national referral practice for the management of recurrent pelvic malignancy as well as having interests in laparoscopic colorectal surgery.

Mr Jon Shenfine

- Consultant Oesophago-gastric Surgeon at Flinders Medical Centre, Adelaide
- Previously Consultant Oesophago-Gastric & General Surgeon, Royal Victoria Infirmary, Newcastle upon Tyne, United Kingdom

Mr Shenfine has extensive expertise and experience in complex oesophago-gastric surgery and the management of Upper Gastro-intestinal malignancies; as well as promoting awareness of oesophageal cancer.

Plus, an extensive list of local faculty from The Alfred Hospital.

PROGRAM AT A GLANCE

Correct at the time of publication (March 2019), subject to change by the organising committee.

FRIDAY 1 NOVEMBER 2019

Breakfast Session: Meet the Professors: Peter Sagar, Amir Ghaferi, Jon Shenfine

Proudly sponsored by 
 MEDICAL DEVICES COMPANIES

- Colon cancer controversies
- The problem of obesity in general surgical operations
- Gastric cancer: My approach to assessment and resection

Session One: Really major problems!

- Key manoeuvres in acute oesophageal and bariatric leaks
- I know what to do; but is my hospital equipped to rescue deteriorating patients?
- Major traumatic bleeding from the pelvis; where to start and how to pack the problem
- Acute severe pancreatitis: New concepts and algorithms... But, should you ever operate?
- Essentials of an Emergency Hartmann's Procedure

Session Two: Meeting current and future standards of care

- Lessons from public reporting: UK experience
- What is standard of care for Breast cancer in 2019?
- Less is more – new guidelines for thyroid cancer
- Where are we going with Robotic surgery? Upper GI and Colorectal viewpoints

Session Three: Practical tips: Issues you don't have time to think about

- Essential considerations in peri-operative medicine: Dealing with new anticoagulants and diabetic medications
- Techniques in advanced endoscopy: What you can do better and how a specialist endoscopist can help you
- Severe abdominal trauma: Interpreting the CT when decision making is urgent
- Shifting landscape: Major advances in immunotherapy and hormonal therapy for gastrointestinal malignancies and melanoma
- Tackling obesity and sugary drinks: What surgeons should be doing

Session Four: Meeting major challenges and learning from mistakes

- The google maps guide to preventing complications in thyroid surgery
- You are under scrutiny whether you like it or not! Why it is essential for surgeons to embrace clinical registries
- Strength in numbers: How can surgeons work together to improve outcomes
- This is more difficult than I thought! Umbilical hernia repair: Plug, patch or laparoscopy
- Mistakes to only make once in surgery

SATURDAY 2 NOVEMBER 2019

Breakfast Session: Fundamental techniques in bariatric surgery

Proudly sponsored by 
 Further, Together

- Sleeve gastrectomy technique: Primary and revisional
- Intra-operative problems and difficulties
- Dealing with complications of adjustable gastric bands

Session Five: The nitty gritty of surgical technique

- Dealing with a difficult malignant pelvis
- The fascia won't come together! Options for reconstructing complex abdominal wall hernias
- Tips and tricks to make a laparoscopic anastomosis easier
- Retroperitoneoscopic Adrenalectomy: A step by step approach
- Mastectomy to facilitate reconstruction options

Session Six: Dilemmas and difficult problems

- Key considerations with elective and emergency hiatus hernias
- Updates on managing a perforated colonic diverticulum
- Para-stomal hernias: A challenging problem
- Intra-operative problems of gall bladder surgery: Getting yourself in and out of trouble
