

Specialist Clinic Referral Guidelines

MEDICAL ONCOLOGY

If there is a concern about the delay of the appointment, or any deterioration in the patient's condition, please send an updated referral with additional information.

If the patient's care needs have become urgent, please call the unit registrar on call on 9076 2000.

To refer your patient to Specialist Outpatient medical oncology clinics

Please send your referral to Alfred Specialist Clinics via **ConsultMed eReferral**. To log in or create a free [Consultmed account click here.](#)

Alfred Health's preference is for all referrers to utilise eReferral; however, referrals can be sent via fax to (03) 9076 6938, or email to op.referrals@alfred.org.au whilst we transition our services to this secure platform.

Where appropriate and available, the referral may be directed to an alternative specialist clinic or service.

Please note a referral may be declined if it does not contain essential information required for triage, if the condition is not appropriate for referral to a public hospital, or is a condition not routinely seen at Alfred Health.

The clinical information provided in the referral will determine the triage category. The triage category will affect the timeframe in which the patient is offered an appointment. Waiting times to scheduled appointments vary across clinics and are impacted by factors including clinic demand, capacity and staffing. You can view waiting times to scheduled appointments for urgent and routine referrals [here](#).

The following conditions are not routinely seen at Alfred Health:

- Patients who are being treated for the same condition at another Victorian public hospital
- Children under 18 years of age

Specialist Clinic Referral Guidelines

MEDICAL ONCOLOGY

Please include in the referral:

| Demographic details: | Clinical information: |
|--|--|
| <ul style="list-style-type: none">• Date of birth• Patient's contact details including mobile phone number• Referring GP details• If an interpreter is required• Medicare number | <ul style="list-style-type: none">• Reason for referral• Duration of symptoms• Relevant pathology & imaging reports• Past medical history• Current medications |

Some clinics offer private consultations in public rooms. If the patient chooses to be seen as a private patient, **please provide a referral to a named specialist** to comply with MBS billing requirements. There is no out-of-pocket cost to the patient. Please note the patient may be seen by another consultant in that clinic to expedite their care.

The times to assessment may vary depending on size and staffing of the hospital department.

If there is a concern about the delay of the appointment, any deterioration in the patient's condition, or if an urgent specialist opinion is required, please contact the Medical Oncology Registrar on call on 9076 2000.
